this THAT & And the other thing

Because what happens in 3rd grade, stays in...
(AHEM) gets sent home in a weekly newsletter

Remind App...

In addition to this weekly newsletter, I will regularly communicate with you via Remind.

I have created a Remind group for our class (which is separate from the one used by the school office). Please find instructions for joining our group in your child's "keep at home" papers in their binder.

I love Remind because when you respond to a message, your response comes only to me (not the entire group). You can also message me directly through the app.

Just around the corner >>>

August 6th: parent meeting 7-8pm
Sept 7th: Labor Day (no school)

This week's MV >>>

None this week! We will have our first memory verse next week.

This week's quizzes & tests >>>

None this week!

This week's spelling list >>>

None this week! We will have our first spelling list next week.

Read Read READ (then read some more)

I'm so excited to be your child's teacher this year! I am looking forward to watching him/her grow academically, physically, emotionally, and spiritually over the course of our next several months together.

While life in 2020 has been a far cry from anything any of us have ever experienced before, I'm looking forward to an amazing school year! We're going to learn a LOT and read a TON!

One of my daily expectations is 20 minutes of reading each night (Mon-Thu). Your child may choose any book that interests them to read during this time (no "comic book" style books, please).

Your child came home with a "book bag" today. Inside, is a book they selected this morning. You'll also see a reading log which should be filled out and initialed daily, and returned to school each Friday.

It is my desire to nurture a love of reading within your child! We'll learn that when we don't KNOW the answer, we can almost always FIND the answer by reading!
